40-20mA @ 40-100 kVDC**

Recommended for:

Equine Mixed Small Animals

Powerful, feature-filled unit weighing only 24.2 lb. Integrated adjustable dual laser pointers are standard. Unit includes 5 memory stations to easily store exposure techniques.

High Frequency Portable Veterinary unit features automatic, dynamic line voltage compensation to assure you of consistent radiation output over a range of available electrical conditions, so you will always get the maximum possible output even with low input voltages. Small x-ray tube focal spot sizes produce images with excellent fine detail resolution. Continually adjustable light beam collimators and dual, adjustable integrated dual laser pointers are standard, eliminating guesswork in positioning. 5 Technique memory stations saves time and retakes.

PLUS This Group Comes Complete With ALL THESE SUPPORT ITEMS:

(2) 8" X 10", (2) 10" X 12" & (2) 14" X 17" Agfa Lightweight Rare Earth Cassettes With Screens, (1) Box of (100 sheets) Of Each- 8" X 10", 10" X 12" & 14" X 17" Agfa 400 Speed Film, (1) Floro-SafeLight, (1) DOUBLE Apron & Glove Rack (holds 2 Aprons & 4 Gloves), (2) Protective Lead Aprons, (2) PAIR Protective Lead Gloves, (1) L&R Marker Clip, (2) 14" X 17" Slimline Illuminators (Desk Or Wallmount), (1) Batch Developer & Fixer, (1) Thickness Caliper.
